

## ENDORSEMENT

Feb.6, 2018

Dr. K.N, Gunalan,

I have reviewed the election materials provided by the Nominees for the office of President-elect, for a term commencing October 2018.

His business experience with large organizations at management level working with a diversified workforce, voluntary activities in addition to engineering organizations, engagement internationally not only in World Federation of Engineering Organizations (WFEO), but many other international engineering venues, his service on the Board and continuing service to ASCE and its Geo-Institute in various capacities, are but a few attributes that can be identified which more than qualifies him to lead ASCE as the future President.

Please accept this document as my personal endorsement of Dr. Gunalan for the position of President-Elect.

Respectfully submitted,

Vilas Mujumdar, P.E., S. E., Dist. M ASCE  
Consulting Engineer  
Past ASCE Board member  
9905 Trosby Court, Vienna, VA 22181
