Dear Guna:

I have reviewed the election materials provided by the Nominees for the office of President-elect for a term commencing October 2018.

Your technical, and alternative project delivery experience is exceptional and will be a solid foundation for your service to ASCE. Having worked with you on the GI Board, I always found your insight of the organization, international activities, as well as technical and business issues facing our industry to be valuable and insightful.

Please accept this document as my personal endorsement of K. N. Gunalan for the position of President-elect.

Respectfully submitted,
