K. N. Gunalan, Ph.D., P.E.  
AECOM  
45 West 10000 South, Suite 101  
Sandy, UT 84070

Dear Guna:

I have reviewed the election materials provided by the Nominees for the office of President-elect for a term commencing in October 2018.

Since being elected as ASCE's President-elect in 2004, I have not endorsed any candidate for ASCE office. This year, I am endorsing you because I am most impressed by your global experience and outlook, and believe that ASCE needs leaders with those attributes. ASCE is, truly, a global organization with members living and working throughout the world. You have had the experience of living outside the U.S. and working in international organizations. These experiences give you firsthand knowledge of the global issues facing our profession and our members. More importantly, they also give you access to engineering leaders outside the U.S. with whom ASCE can work to strengthen our profession and increase our ability to influence world leaders on engineering issues.. Our Society needs the unique set of experiences and the outlook that you bring to the leadership of ASCE.

Please accept this document as my personal endorsement of K. N. Gunalan for the position of President-elect.

Respectfully submitted,

William P. Henry, P.E.
